

## Description

Ham Baker manufacture a comprehensive range of Hand Stops in square, rectangular and semicircular apertures, together with a wide range of trim levels and designs to suit a wide variety of applications and industries.

The Hand Stop is available in sizes up to 900mm, over this size Penstocks or Stop Logs are recommended.

## Construction

### Frame

Welded Mild Steel construction to BS 4360 43A. Coating by means of galvanising to Swedish Standard SA2.5 or Zinc sprayed, etch primed and epoxy painted. Other options are also available such as stainless steels

### Frame Seals

Parallel resilient EPDM seals bonded to frame sides, with neoprene flush invert seal to invert section.

### Door

Solid PVC HDPE construction complete with stainless steel reinforcement angles if required.

### Lifting Handles

There is a choice between slotted lifting holes within the UPVC door or lifting handles manufactured in Gr 304 stainless steel bolted through the door.
